# Kalaka Supply Chain: Optimization & Strategy

Strictly Private & Confidential

Kalaka proposes a supply chain which consists of providing Fertilizers directly from our strategic partners manufacturing facility in Middle East, China and others in a variety of shipping / packing options. Based on your in-bound supply chain and storage options, choosing the correct packaging may minimize overall handling & clearance costs.

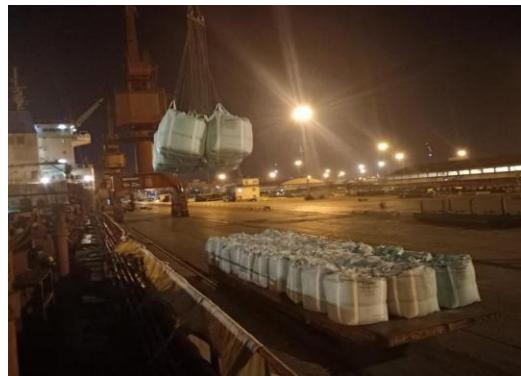

**Bulk Cargo**

**Break Bulk**

**Jumbo Bags or Bulk in Containers**

## Kalaka Supply Chain: Security of Supply

Strictly Private & Confidential

Over the past year, we have been building our brand to become a leading supplier of Fertilizer to the African market. Kalaka has built strategic relationships with leading Arab and Chinese manufacturer of Ammonium Sulphate. Kalaka has access to a sizeable offtake volume to better serve their clients.

Kalaka South Mining has an agreement for supply of Nitrogen (Urea 46%) from Middle Eastern to a Southern African country, Malawi.

Kalaka is busy expanding their brand and accessing buyers from other African countries.

## Kalaka Supply Chain: Management Team

### Executive Chairman: Summary Professional Profile

**Brian Sibanda**, affectionately known as Mr S. Is larger than life, he is a thought leader who relishes in a solutions centric approach to any challenge.

Having left Zimbabwe at a youthful age to start his adult life in South Africa where he held various managerial and directorship positions at key and influential entities in Johannesburg, he quickly became an eloquent and methodical businessman.

As a qualified Actuarian boffin having to calculate risks according to probabilities based on statistical records allows him to reach the glass ceiling to deliberately marry the impossible with the possible to safeguard to acquire mining rights of a lucrative mine which he owns with his to walk in his shoes. His vision is to share his long road to success by Brian Sibanda, affectionately known as Mr S. Is larger than life, he is a thought leader who relishes in a solutions centric approach to any challenge empowering the youth through seminars sharing his journey in making it to the other side of wealth creation with his Can-do spirit trailblazer. He the future. Using his analytical skills and strategic thinking. propelled him partners. He never looked back since then.

He is passionate about empowering the youth and adults alike who aspire currently empowers the local communities where his mine is based with basic needs such as building of roads employment opportunities and supports the local businesses with projects emanating from the mine. He strives to change the lives of a black child for a brighter future.

He is a Brandy Connoisseur and a daring businessman. Mining guru. entrepreneur, wealth attractor and an analytical powerhouse.

## CFO: Summary Professional Profile

**Busisiwe (Busi) Helen Boadi** is a story of determination and self-actualisation. Busi's career commenced when she qualified and worked as a teacher for a period of 8 years. During that time she studied part-time obtaining a B Comm degree from the University of Transkei. She left the civil service in Eastern Cape and joined **PWC** as a candidate accountant at its Johannesburg office. After stints as a Finance manager after articles, Busi then founded Bunono Business Solutions ("Bunono") which provides Financial Advisory, Consulting, Internal Audit and Company Secretariat Services. Bunono has been steadily growing and is now a solid medium sized business. Busi has a solid network that enables her to assist her clients who require capital expansion. As corporate governance has become a legislative imperative through the evolution of the country's company laws from the latest King III Report on Corporate Governance and the new Companies Act, Busi has also became a corporate governance and regulatory compliance expert.

Busi is an all-rounder in terms of approach and thought processes. She has over 20 years operational and strategic level experience as a Chief Financial Officer, Quality Control Manager as well as Company Secretary. She is a team player with strong abilities to think independently and focus on the ultimate outcome. She is friendly, savvy, mature and a goal-oriented self-starter, which allow her to create rapport with people from all walks of life, persuasions and convictions. She also has a wide variety of networks and can easily converse with experts in various field., a key competence she regards as absolutely valuable for a Board level engagement.

Busi has served a combined 15 years in various Boards, like:

**Historically:** Kalagadi Manganese (a mining company); South African Network of Women in Transport (SANWIT) (as the first deputy chairperson), Bhambatha Investments (A BBBEE Investment company); Vela Phumelela (A BBBEE in entertainment & betting), Mdumo Pension Services (an Investment company),

**Currently:** Phakisang Investments (a BBBEE in Petroleum; Impuma Group (an Investment company); SDM Asset Management & Consulting (a Consulting company). Pianoboard (a Steel manufacturing company), Oristotouch (a Coal Trading company); Teconica (a Telecomms company).

It is this wealth of experience that Busi will bring to any enterprise she seeks to lead.
